## 10 Good Reasons to buy Interquartz guest room telephones:

- 1) Proven product. Interquartz telephones have been manufactured specifically for the Business and Hospitality industries for over 29 years. Over 10 million sets installed with over 40,000 customers, worldwide.
- 2) The latest microprocessor controlled technology. This provides for fully electronic functionality, as opposed to older mechanical operation. In addition, non-volatile EEPROM memory eliminates the need for internal batteries.
- 3) Used in many Australian prestige sites including
  - Grand Hyatt Melbourne
  - Sheraton Perth
  - Hilton Adelaide
  - Marriott Melbourne
  - Ayers Rock Resort
  - Crowne Plaza Surfers Paradise
  - Holiday Inn Surfers Paradise
  - Pan Pacific Perth
- 4) One of the industry's largest faceplate areas found on a guest room telephone, providing ample room for customisation, including hotel logo, dialing instructions, message retrieval and more.
- 5) Backed by an unmatched 6 Year 'No Worries' warranty. Everything, excepting abuse and spillage, is covered.
- 6) Choice of colours and features from a Basic set to a Speakerphone, Interquartz has an answer.
- 7) Room numbers can be displayed on the front panel or elsewhere, reducing the need for other room identification materials.
- 8) Guest Service Keys can be reduced from the standard 10 to as little as 1 or any quantity in between.
- 9) Faceplates, programming, room number cards can all be provided in the shipment.
- 10) The global Interquartz brand is proudly distributed in Australia by Interquartz (A'Asia) Pty Ltd.
